

## **Tom Nicholson**

I grew up in Southwest Indiana and graduated with a BS degree in Mechanical Engineering from The University of Evansville.

I worked at GE in their Plastics business for 25 years in various Plant Management positions in Indiana, West Virginia, and Alabama. My last position with GE was General Manager for the Lexan plastics manufacturing business outside Montgomery.

Following GE, my wife and I operated a franchise in Birmingham, and I worked as the Site Manager of the US Pipe plant in Bessemer before retirement in 2010.

I was a member of the Board of Directors for the Chamber of Commerce in both Montgomery and Bessemer to help the local communities.

I have been married to my wife Julie for 48 years, we have 3 children and 7 grandchildren who enjoy spending time visiting us at the lake.

We have owned our Stillwaters property since 1999 and moved here full time in 2011. I have served on the SWRA Neighborhood Council, the Architectural Review Committee and was elected to the Board of Directors in 2016 where I have served as the President in the past. I am also a board member of the Stillwaters Volunteer Fire Department and have served in various leadership roles in local churches.
